You are cordially invited to

Shreeguru Dr. Balaji Tambe's 81 YEARS

Sahasra Chandra Darshan Shanti + Tula
Via YouTube Live

When 1000 full moons (purnima) have elapsed in a person's life, it is known as Sahsra Chandra Darshan. Our traditions advise us to acknowledge this wonderful milestone. To promote continued balance of body mind and soul, Vedic science has recommended a shanti on this occasion. Please join us for this sacred and essential sanskaar-event and share in the blessings of the shanti along with Shreeguru Dr. Balaji Tambe.

Tula

To acknowledge society's constant support and contribution in an individual's life, and as a mark of gratitude for blessings received, our tradition advises that one may donate suitable objects to society, in quantity equal to one's body weight. Witness traditional science in action and learn more about Vedic practices on this auspicious occasion.
